ABOUT RFM

For more than 35 years, RFM Seating has built a reputation for offering workplace seating that focuses on ergonomics, smart style and solid craftsmanship. Based in the Pacific Northwest, with additional distribution points in Lansing, KS and Santa Fe Springs, CA, RFM Seating offers chairs made to fit the individual with one of the largest selections of options available. All RFM products meet or exceed ANSI/BIFMA standards and are MAS Green Certified.

CHAIR ERGONOMICS

A good chair may be the most important part of your workstation, because it affects your position more than just about anything else. An adjustable chair, allowing the user to customize the fit, is the better choice ergonomically than a fixed chair with no options. Besides sitting straight or slightly reclined, a user's lower back should be fully pressed up against and supported by the back of the chair. His feet should be flat on the floor, or on a footrest.

RFM can help to accommodate all of these features of ergonomics. In order to create a customized fit for the individual you need options. At RFM we offer 7 different cylinder sizes to create the correct seat height, 14 different control options, 14 different arm options to work with the needs of the individual and the workstation, and anywhere from 3 to 8 seat size options, depending on the model, to help ergonomically support the individual.

In addition all of our backs have 4 inches of adjustment to allow the lumbar support to be properly used. If that is not enough, we offer extended back bars to give an additional 4 inches of travel for a taller individual.

Our control options range from conference to fully ergonomic multifunction controls to fit the individual needs as well. Our multifunction controls have

independent seat and back angle adjustment paddles and have an infinite tilt adjustment that allows the individual to adjust the seat angle from 6-degree forward tilt to 12-degree rearward tilt.

The arm options we offer can be adjusted to fit the individual. Most arms have horizontal and vertical adjustment, but we take it further. We offer an arm option that folds away, one that can pivot 360 degrees, and a 4-way multifunction arm that pivots, adjusts forward and back, in and out, and up and down. We also offer a patented swing arm linkage that does just that. It swings 360 degrees, forward, back, in, and out.

Finally, we offer specialty options to make sure we can fit everyone. For the seats we offer tailbone cutouts, a seat slider, to add up to 2 1/2" of seat depth, and the ability to cut down the seat width or depth to insure a perfect fit. Our seats are also available with Memory foam or dual density foam. For the backs we offer extra firm lumbar support, a thoracic ridge lumbar support, and an adjustable air lumbar support for the individual to be able to find the comfort zone.

With all of these options and customization RFM makes it easy to fit each individual. That is why we say RFM is a "Good Fit for Every Body."

FLAME RETARDANT PROGRAM (CAL 133)

All seating manufactured by RFM is made to comply with California Technical Bulletin 117-2013 and BIFMA F-1-1978 unless a customer's own material (COM) is used, in which case RFM cannot guarantee the flame retardant properties of the fabric.

RFM seating products can be ordered to meet California Technical Bulletin 133 (CAL 133). CAL 133 is a full composite burn test which was designed for furniture which is used in public and private buildings. This test does not specify how to construct any furniture; however it does tell how well each piece of furniture will perform under a controlled burn. The solution to this problem is to use a fire barrier between the fabric and the foam. This barrier will help extinguish the fire by smothering the flame.

For additional information regarding CAL 133 fully

upholstered seating protection, please contact the California Bureau of Home Furnishing and Thermal Insulation.

For pricing and ordering information see the options page on pages 123-124.

RFM will not accept any C.O.M. orders which have to pass CAL 133.

For additional information regarding CAL 133 please contact RFM Customer Service at 800.447.5542 or sales@rfmseating.com

RFM PRODUCT WARRANTY

Effective February 1, 2019

RFM Seating products are engineered to provide many years of use under normal conditions when cared for properly. Normal conditions are defined as an office environment during a single shift consisting of 8-hour days, 5 days a week for a user weighing 300 pounds or less. Products manufactured by RFM carry the following limited lifetime warranties to the original purchaser:

All ergonomic, task & conference chairs: Lifetime warranty on cylinder, 12 years on all other parts.

All Multi-Shift and Nurse's Station: 7 year warranty on all parts.

All Big and Tall chairs: Lifetime warranty on cylinder, 7 years on all other parts.

All guest, lobby, and fully upholstered conference chairs: Lifetime warranty on all steel and wood frames, 5 years on all other components.

Essentials chairs: 5 years on all components.

THE ABOVE WARRANTIES EXCLUDE THE FOLLOWING:

- SEAT AND BACK FABRIC IS COVERED FOR 5 YEARS AND CROSS CHECK, FOUNDATION AND SYMPHONY CLASSIC WILL BE WARRANTED 3 YEARS ON 24/7 USE CHAIRS. ALL OTHER FABRICS ARE NOT WARRANTED FOR 24/7 USE.
- Any product, which has been repaired or altered by the customer.
- Any variation in color, grain, or texture of wood, leather, or fabric.
- Any incidental damage resulting from the neglect or inability to use RFM products properly with regular maintenance.
- Any normal wear and tear. The warranty is a protection from defects only.
- **Warranties are NOT transferable.**

To make claim under this warranty, the claim must be processed through the original dealer of purchase. The dealer will inspect for warranty qualifications and must obtain a return material authorization (RMA) number from RFM. RFM shall provide, at our option, parts, replacements or monetary adjustments. **Labor is not covered under warranty.** The warranties indicated above are the only warranties made by RFM and no other warranties expressed or implied are given on products manufactured by RFM.

The return of products will NOT be accepted without an RMA number issued by RFM Customer Service. All returned products must be protected to prevent damage in transit and shipped pre-paid. The warranty form can be found below.

CARE AND MAINTENANCE

In order to enhance the longevity of your new RFM chair, it is important that you maintain your chair and keep in a clear work environment.

- 1. Casters:** Your casters do most of the work throughout the day and it is important that you clean them at least once a month. When using, especially on a hard floor or a chair mat, the casters will accumulate dirt and foreign particles on the wheel and especially between the wheels. You can use a solvent based cleaner and wipe clean. If you visually don't see debris, a canister of air will do the trick.
- 2. Hardware:** Over time bolts or other hardware can become loose. You should go through your chair and tighten all hardware twice a year. This will help to eliminate squeaks and ensure nothing is broken or damaged.

3. Lubrication: As you can imagine, lubricating your control from time to time will be necessary. With all of the moving parts and the locking and unlocking of the different adjustments, a can of white lithium grease will be your best defense against squeaks and creeks. We have specific diagrams for each of our controls that we would be happy to email to you. Please call RFM Customer Service at 800.447.5542 and they will be happy to email, fax or US Mail you the instructions.

4. Clutch Plate adjustment: Our controls are locked and released with the use of clutch plates. Over time with the constant adjusting of the seat the clutch plates can start to loosen and not hold as well. Part of maintaining your chair, you will need to tighten the clutch plates should they come loose and start

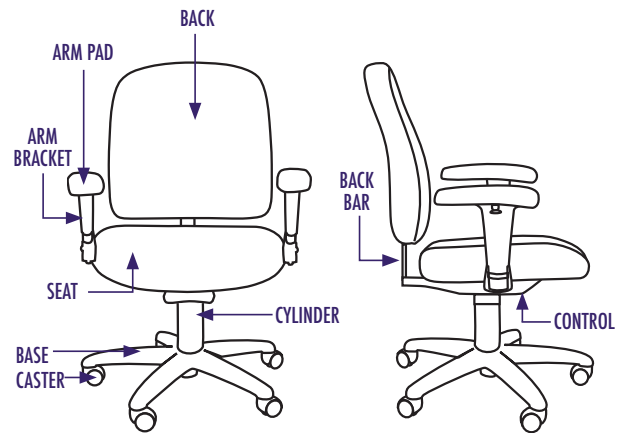

to slip. Please call customer service for adjustment instructions on how to do this.

5. Upholstery: Vacuuming and a dry wipe down of your seat and back will help in keeping your upholstery fresh and clean. Spills on the fabric can be cleaned according to the fabric manufacturer's specific instructions usually located on the back of the fabric card or on their web site.

WARRANTY REQUEST FORM

Fax to RFM Customer Service 800.734.6377 or email to customerservice@rfmseating.com

WHERE IS THE PROBLEM? Please mark on the diagrams where the problem(s) is. Describe the problem for us:

Customer Service	Customer Service
619 S.W. Wood St.	1213 136th St.
Hillsboro, OR 97123	Lansing, KS 66043

C.O.M. must be shipped PREPAID and must show the following:

- Customer's name,
- Customer's purchase order number,
- Fabric supplier's name,
- Fabric name & number.

Any missing information will cause shipment delays.
RFM reserves the right to requote any C.O.M. fabric.

Check for fabric direction:

Special instructions

C.O.M. FABRIC UPCHARGE INSTRUCTIONS

Please call customer service for Customer's Own Material yardage requirements

MATCHING UPCHARGE

There will be an upcharge for C.O.M. fabric requiring centering a pattern, matching a stripe or plaid.

LIST PRICE

Metal Side/Guest Chairs,	
Executive Swivel & Task Chair	\$85.00

***The C.O.M. order form must be used on all orders
— no exceptions***

C.O.M. material should be shipped PREPAID and marked with the following information:

- ☐ Dealer name and purchase order number
- ☐ Fabric pattern name and color
- ☐ Supplier's name, fabric name and color
- ☐ A sample of the fabric attached to the order
- ☐ The style numbers of the item in which the fabric is to be applied
- ☐ Special application instructions

MATCHING AND CENTERING FABRICS

For certain chair designs, because of the curvature or upholstery techniques, C.O.M. fabrics or vinyl can only be applied by blind-tacking or special handling. Striped and patterned C.O.M. fabrics if requiring matching or centering will require adjustments in yardage. (Special quotations upon request.)

CONTROL OPTIONS

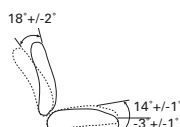

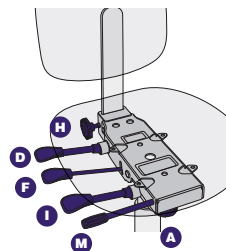

CONTROL 01 Swivel task

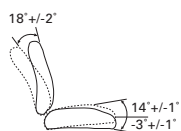

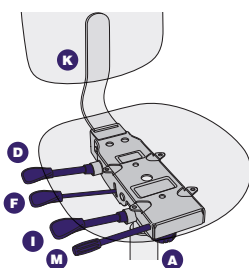

CONTROL 03 Tri-Action

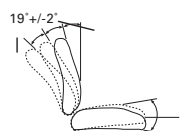

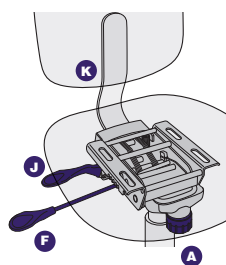

CONTROL 04 Multi-function

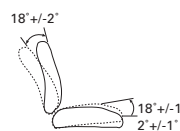

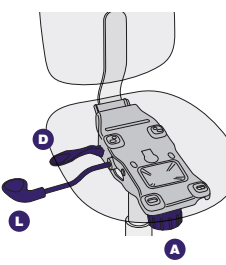

CONTROL 05 Ratchet Back Multi-Function

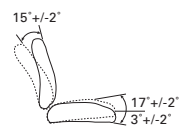

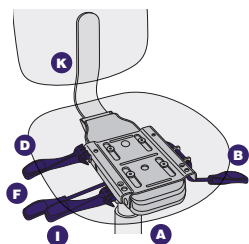

CONTROL 06 Balance-Syncro

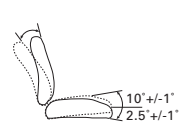

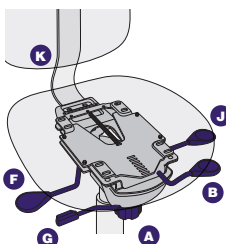

CONTROL 07 Swivel Tilter

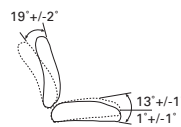

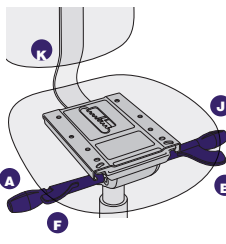

CONTROL 08 Knee Tilt, Ratchet Back, Multi-Function w/built-in seat slider

CONTROL 11 Deluxe Forward Pivot Syncro w/built-in seat slider

CONTROL 14 Revo Forward Pivot Syncro w/built-in seat slider

A Tension Knob

Turn clockwise to increase tension, turn counter-clockwise to decrease tension.

B Seat Slider

Pull lever, push seat to desired depth and release lever to lock. Locks in 5 positions over 2 " ".

Rest Position

C Adjustment

Loosen hand wheel (do not remove), and slide back to desired position, then re-tighten hand wheel.

Back Angle

D Adjustment

While seated, pull paddle up, when desired angle found push paddle down to lock. Back Free floats in the paddle up position.

Pneumatic Height Adjustment

To lower, lift paddle while seated. To raise, lift paddle with your weight off seat.

Forward Tilt

Lean back in chair and roll or pull lever forward for forward tilt, push or roll lever backward for straight position during rocking. Attention: lever can only be moved when in a rear rocking position.

Back Height Adjustment

Turn knob counter-clockwise to loosen, lift or lower chair back to desired position and re-tighten. Critical lumbar curve positioning.

CONTROL OPTIONS

I Infinite Seat Angle Adjust with 3 Degree Forward Tilt

To change seat angle, pull paddle up while seated, push paddle down to lock when desired angle is achieved. Seat can rock.

J Infinite Position Tilt Lock

To lock chair in position, push paddle down.
To allow free rocking movement, pull paddle up.

K Ratchet Back Height Adjustment

Simply lift back to desired position and back locks automatically. To release and reset back position, lift back completely, then allow back to fall to bottom reset position.

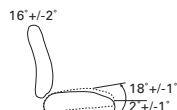

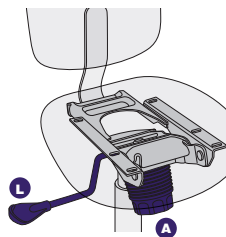

L Pneumatic Height Adjustment/Tilt Rock Lock

Adjust to raise or lower seat (See F). The lever pushes in towards control to lock in the neutral position. Pull lever out to rock free.

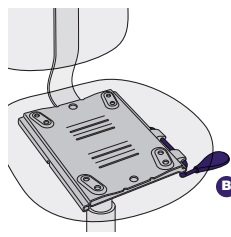

M Infinite Tilt/Lock Screw

Turn screw paddle to adjust seat tilt. Screw paddle system eliminates tilt slippage.

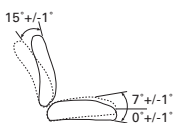

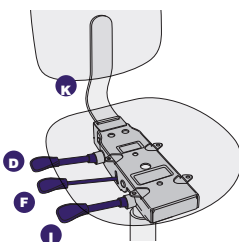

CONTROL 15 Knee Tilting Conference Control

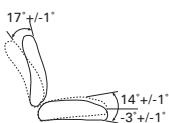

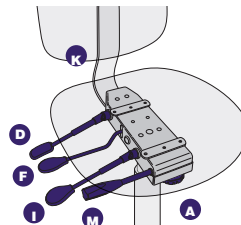

33 Seat Slider

CONTROL 33 Ratchet Back Tri-Action

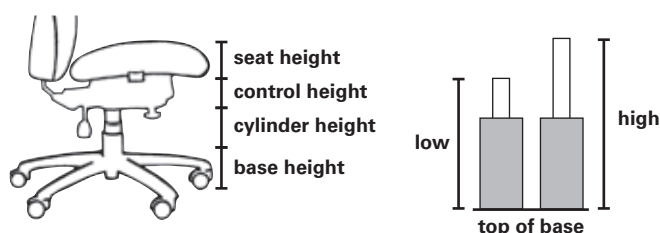

CONTROL 50 Ratchet Back Heavy Duty Multi-Function

SEAT HEIGHT CHART

**In order to determine the height of a seat, you need to do the following calculation:
seat thickness + the control + the cylinder + the base for your chosen chair model.**

EXAMPLE:

TECH 1400 (HIGH)

14314 (LOW)

CASTOR HEIGHT	CYLINDER & BASE HEIGHT	CONTROL THICKNESS	SLIDER THICKNESS	SEAT THICKNESS	SEAT HEIGHT

HOW TO ORDER

Once you've selected the chair you want to purchase, it's time to place your order. Our ordering system is based on a sequence of numbers that communicates to us the exact chair you would like. Use the outline shown below to assist you through this process. For additional assistance call us at **800-447-5542**.

Use this sequence for designating your choices when ordering.

HOW TO CONTACT US

At RFM we take pride in our products and our customers who choose them, therefore we are here to assist you in any way we can.

SPECIALTY OPTIONS

Logo Options

63 Custom Logo Embroidery only at RFM

Want to make a memorable statement about your organization? RFM offers customized logo embroidery—a unique way to reinforce the branding of your company. The RFM Custom embroidered logo program is available on select models of our chairs including the Trademark 2500 series and the Tuxedo 4500 series.

All Custom Logo orders require the following information:

- Digital image emailed to: mreischman@rfmseating.com with customer PO number.
- Accepted file formats are jpeg, eps, tiff, psd, embroidery file formats.
- Logo size.

- Thread color(s) to be embroidered (PMS color is preferred).
- Chair fabric name and color.

STANDARD FEATURES

Logo Size:
3.5" x 3.5"
Stitch Count: 5000
